31st October 2024

Dear Parents

Could you live with yourself...

It's been brought to our attention by various people that parking at the beginning and the end of the day is raising some concerns. We appreciate that parking is difficult, as it is outside all schools, but we urge you to be considerate of local residents and pedestrians.

Please bear in mind that when you are reversing to park, parts of your car will protrude over the pavement and could hit a pedestrian. With this in mind, please ensure that you check your mirrors before reversing to avoid any accidents happening. When travelling down the road, please bear in mind that pedestrians may have to cross the road between parked cars, which means you will not see them until the last minute.

Bells Drove is within the 30mph limit and with the knowledge that our school is located there, we would hope that everybody would travel even more cautiously to avoid any accidents happening.

Can you imagine having to live in the knowledge that you have caused harm to another human being?! Can you imagine how you would feel if that was a child?! How would you feel if it was you or your child?!

Thank you in anticipation of your support in making the road and pavement outside school, safer for everyone.

Yours sincerely

C. Willows
