

Dear Parents,

As the new provider of delicious school meals at your child's school, we'd like to take this opportunity to briefly introduce you to our company.

Ideal School Meals operate from six kitchen sites based throughout Lincolnshire and supply many of our counties' primary schools with a home cooked, transported meal solution. We are of course fully audited by the relevant local environmental health departments and our menus comply with the national standards for food in schools.

We believe menus should be varied and interesting, and therefore provide a choice of 5 main options and 3 puddings every day, to ensure there is always something on the menu to appeal to the children. With a wide range of traditional and modern dishes included within each menu plan, we ensure different tastes are catered for. Furthermore, we're able to supply meals for allergy and dietary requirements where required.

With a commitment to using local suppliers and produce, our meat products are sourced from renowned, award winning butcher, Simpsons. For our fresh products, we use J Hull of Sutterton, who sources from the fields of Lincolnshire wherever possible and delivers to our kitchens daily to ensure they're as fresh as can be.

Meals can be ordered from our partner website, full details of which can be found in our accompanying online user guide. The deadline for ordering meals for the first week back after half term, falls at midnight on 22<sup>nd</sup> October.

We look forward to supplying your children with tasty, nutritious school lunches in the near future. If you have any questions in advance, please don't hesitate to contact us on 01522 246424.

Kind Regards

Ideal School Meals
