

2026 CHALLENGE

Dear Parent/Carer,

School staff and the children on the school council are currently creating a wish list of items they'd like the PTA to help fund this year and as a result, the School PTA have set up a challenge to encourage all pupils to raise £20.26!

Children can collect as much or as little as they like, they can do it on their own, as family, or in a team with friends. Money can be raised in any way you choose, we want everyone to get creative with it! All the money raised will go to the PTA who help pay for resources, trips and treats that aim to make your children's time at primary school the best it can be!

Here are a few ideas of ways children could raise money...

- Something helpful- Help with jobs and chores at home (Clean, cook, walk the dog, polish shoes)
- Something crafty - Sell artwork, cakes or old toys!
- Something sporty - Complete a sponsored challenge (run, walk, cycle, dance, swim, silence, read)

As this is a 2026 challenge, we thought the number 26 might inspire some good ideas too, perhaps they could do something 26 times!

On the reverse of this letter is a sponsorship form. Please send cash donations to school in a clearly marked envelope with child's name, class and the amount raised. The deadline for all donations is Friday **17th July 2026** (Just under 26 weeks away!). We will then look to handout some certificates and prizes in the final week of term!

Participation in this initiative is entirely voluntary. We realise predefined events aren't for all children, so we hope this allows them to fundraise at their own pace, with your support. Any donations under or over the amount are very gratefully received.

Have fun!

Best regards

Shannon Merchant
