

A close-up photograph of a white ceramic coffee cup. A stream of dark brown coffee is being poured from above into the cup, creating a dynamic splash. The background is a warm, out-of-focus brown. The text "Coffee Afternoon" is overlaid in a white, elegant serif font in the lower-middle part of the cup.

# Sensory Outreach Programme

**The Linkage Sensory Outreach programme is a unique initiative providing a sensory environment, across the Greater Lincolnshire community.**

We provide access to sensory resources and facilities, for children as well as adults, by visiting schools, day services and community groups across the county in many rural locations.

Thanks to 'Lottie,' our purple Sensory Bus, we're helping to remove the financial and geographical boundaries often faced when accessing bespoke services.

We also provide a Sensory Library, Lego® and Duplo® based therapy and can advise those wishing to create their own, affordable, sensory spaces.

## Special Educational Needs and Disability - SEND

At Sutton St James Community Primary School, we believe that every child should have the opportunity to experience success in learning at the highest possible standard.

All children have access to a broad and balanced curriculum and are fully included in all aspects of school life. We promote a sense of community and belonging, and to offer new opportunities to learners who may need additional support.

Visit the school website to read our SEN Information Report 2025-2026

If something is worrying you, you can talk to us at any point, and your child's class teacher is more than happy to help.
