

Maths:

Understanding up to 3 digit numbers. Measuring length and perimeter. Addition and Subtraction with up to 3-digit numbers. Embedding fluency with all Year 2 foundational +, -, x and ÷ facts

English:

We shall write our version of a legend. Develop a Newspaper article. Embed fluency in reading skills and explore the different comprehension types we might encounter. Spell with greater accuracy suffixes, homophones, vowel phoneme-grapheme choices.

Science:

What different parts of plants do?
How do flowering plants reproduce? Can we grow plants?
Developing enquiry skills.

Art:

Exploring expression in drawing with charcoal, and perhaps getting a little messy in the process.

PSHE:

Being part of a community means we must share responsibilities and develop a greater awareness of respecting ourselves and each other.

Here are the main concepts we will be covering over Autumn Term alongside our topic titled:

FENTASTIC

Computing:

Miss Willows will support our learning of computing skills, with a focus on emailing safely, and route planning.

Design Technology:

Design and make a soup using seasonal produce.

French:

This term will be an introduction to the French language both spoken and written!

Religious Education:

All about the Islamic community.

Geography:

What are the fens? Where are the fens?
Using a map and grid reference numbers.

PE:

Foundational skills in coordination, strength and stamina. Gymnastic fundamentals.

Music:

We will have the multi-talented Karl join us for our music learning.

History:

What our links to Robin Hood?
Why is King John relevant to our locality?
Why did a grey goose feather save a life?
