Home Learning

Dear parents/carers,

Welcome to the new school year! The children have been working really hard are delighted to be starting our first homework activities with the children in Robins. The aim is to make homework a positive and enjoyable experience that supports the learning taking place in school, while also helping the children to develop good habits and independence.

Homework will focus on key skills such as reading, spelling, phonics and maths. Activities will be short and manageable, and we encourage you to support your child without completing it for them. Sent home will be spellings, maths, their Read Write Inc books covered and a QR code to watch a video based on the sounds covered in their phonics lessons. The codes are accessible at any point until December.

At this age, it is more important that the children feel confident, successful and positive about learning than the homework being completed perfectly. Please praise your children for their efforts and encourage them to have a go. If something feels too difficult, do not worry- simply let us know.

Yours sincerely

Miss Harwood & Miss Willows
