Swallows learn about saving money

Last Friday, Swallows class were delighted to welcome a special visitor into school to work with them in PSHE. This term, the children are learning about money, where it comes from, why we need it and how to look after it. Their visitor, Mrs Charlotte Watson who is a financial advisor for St James's Place, is an expert in this area and shared her knowledge with the children in a child friendly way. The children's story 'Save Your Acorns' by Robert Gardner shares the important messages of saving for the future and taking care of others and was used to help the children to understand how to live well whilst saving at the same time. The children then thought about the school Shell Shop, and how if they want to buy something that costs a lot of shells, then they have to save up over a number of weeks in order to buy it. We would like to say a huge thank you to Mrs Watson for this inspiring lesson and her help with delivering this important lesson. She will be back in school in the future to work with Herons class in their PSHE topic.

Online Safety Workshops

On Monday this week, we were pleased to welcome Jan Morris from the Stay Safe Partnership to deliver Online Safety workshops with children in Years 2—6. She spent an hour with each class, Swallows, Owls, Swans and Herons, teaching the children about online safety at an age appropriate level. The workshops were very informative and focussed on key messages appropriate and key for each age group.

Open Morning

It was lovely on Wednesday to welcome lots of you into school for our Open Morning of this term. The children all very much enjoyed having their parents in class learning with them, and showing them how to do the work set.

Feedback from parents was very positive and we look forward to welcoming back to school for our next Open morning on Monday 23rd June.

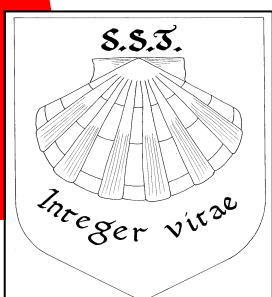

Reminders

Please keep a check on your ParentPay app and ensure that you are up to date for payments as far as possible. This will help us to reduce the numbers of letters being sent and help save the environment by not wasting paper. Thank you.

Please remember that you must contact school to let us know why your child is not at school each day, unless they have diarrhoea /sickness (in which case they must remain off school for 48hours since their last bout) when we only require contact every other day if they continue to be poorly.

Thank you for your support with both of these matters.
